Dear Mr. Andre,

This letter is in response to the Commission's inquiry regarding the above referenced reports. Thank you for the opportunity to respond.

The letter points out that the totals for lines 19 and 20 seem to be incorrect. In fact, a simple error in addition did occur. The error should have been noticed in quality control checks, but unfortunately it was not. Enclosed are the corrected summary pages for both referenced reports.

This should remedy both reports. If any other information is needed, please do not hesitate to contact me again. Thank you.

Sincerely,

Paul Kilgore
